CAPE COD COMMUNITY COLLEGE

COMMONWEALTH HONORS PROGRAM CONTRACT

(continued)

Goals: Explain your goals in completing this project. What do you expect to learn and gain?

Work: Provide a detailed description of all of the work that you must complete to receive Honors credit. Include, for example, if the project is a research paper, the stages of development and expected due dates such as working bibliography, outline, breakdown of the development of the outline in parts for instructor and student conferences, rough drafts, and final draft. Remember the project can also be creative work, service learning, or laboratory experiments. If your course has service learning or creative projects, the Honors project would be an additional service learning, etc.

Meetings: Indicate the anticipated frequency of meetings between student and instructor.

Release

Through the submission of this form, I give permission for academic officials of Cape Cod Community College to retain, display, and publish a copy of my final Honors project.
